If you answered 'yes' to at least one of these questions, it's time for you to look at installing WiFi in your cottages

What you need:

A WiFi connection

Connection to a broadband router

Site-wide coverage

Got it	Don't have it

***Trick Question! The answer is always no!** Most people don't know that handing out the password to their WiFi can be dangerous for the system and can make you liable for anything illegally downloaded.*

What Camping Connect will ensure:

- 1) You won't need another broadband connection to get WiFi, we can help extend your existing coverage saving you money!
- 2) We will ensure your system is completely secure so that you'll always be legally compliant.
